JOSEPH WANG

New Brunswick, NJ | (973) 641-6074 | joseph.wang4@rutgers.edu | www.linkedin.com/in/joseph-wang-04

Supply Chain Management and Business Analytics & IT student (May 2027) with internship experience in supply chain optimization, cost analysis, and data analytics.

EDUCATION

RUTGERS BUSINESS SCHOOL

Rutgers, The State University of New Jersey, New Brunswick NJ

BS, Supply Chain Management and Business Analytics and IT (BAIT), May 2027, GPA 3.4

Dean's List — four semesters (Fall 2024, Spring 2025, Fall 2025, Spring 2026)

RELEVANT COURSEWORK

- Supply Chain Analytics (A-), Supply Chain Finance (A), Procurement and Global Sourcing Strategies (B+), Management Information Systems (A), Business Decision Analytics under Uncertainty (A), Operations Management (A), Introduction to Supply Chain (A), Statistical Methods for Business (A), Computer Applications for Business (A). In progress: Business Data Management, Project Management, Time Series Modeling for Business, Optimization Modeling.

PROFESSIONAL EXPERIENCE

Ringpu Biology, China (remote/hybrid) Supply Chain Intern — Summer 2026

- Built a path-based MILP transportation network optimization model (time-expanded networks, path-based flow variables, linear performance pricing) to redesign the shipment network of one of China's largest veterinary biologics manufacturers (~3,000 employees)
- Conducted strategic packaging cost analysis applying total-cost-of-ownership and should-cost modeling to evaluate supplier price justifications against macroeconomic variables in the global and local rubber markets
- Worked cross-departmentally on a 5-person project team during the company's logistics-arm consolidation; used fluent Chinese to work in Chinese-language source materials and meetings

HEYTEA, Edison, NJ Shift Supervisor — May 2025 – Present

- Oversee daily opening/closing procedures, cash reconciliation, and POS accuracy
- Implemented workflow improvements that reduced customer wait time by 10%
- Monitor inventory and coordinate with management to prevent stockouts and reduce material waste by 20%
- Collaborate with kitchen staff on ingredient inventory while serving 1,000+ beverages per day
- Supervise 5–10 team members per shift to ensure smooth operations during peak hours
- Train new hires on standard operating procedures, beverage preparation, and safety standards

Spartan Motor Auto Services, Morristown, NJ Assistant Auto Technician — Summer 2024

- Diagnosed and repaired 200 customer vehicles alongside the lead technician
- Conducted hundreds of preliminary inspections and documented issues to support accurate repair estimates
- Maintained inventory of hundreds of parts and tools to ensure a clean and safe work environment
- Provided friendly customer interaction, explaining basic maintenance needs

LEADERSHIP EXPERIENCE

InterVarsity Christian Fellowship Small Group Leader — Jan 2025 – Present

- Lead a group of 20 peers in studying the Bible each week
- Build rapport with each member and foster a welcoming community
- Communicate logistics for 10 events each semester

InterVarsity Christian Fellowship Worship Team Leader — Jan 2025 – Present

- Select and arrange songs aligned with weekly themes for large-group experiences
- Manage scheduling, group communication, and equipment transport for a team of 8–10

PROJECT EXPERIENCE

BCG GenAI Job Simulation, Forage Feb 2026

- Built an AI-powered financial chatbot using Python and pandas
- Integrated and interpreted complex financial data from 10-K and 10-Q reports with rule-based logic to produce user-friendly insights

SKILLS

- English (Native), Chinese (Proficient), Microsoft Office Suite (Excel, PowerPoint), Tableau, Power BI, MySQL, Python, JavaScript
